

Let's play my
"Tooth Fill"
game!

HOW TO PLAY:

What you need:

- *Game “board” for each player – print out this template
- *Die for each pair of players
- *Bag of mini marshmallows
- *Timer (optional)

Directions:

*Each player takes turns rolling the die. With each roll, the players cover that number of teeth on their game board. If a “6” is rolled, for example, then six teeth will get covered with marshmallows. The first player to cover all of his or her teeth with marshmallows wins.

*When the game is finished, the players can eat their marshmallow pieces for a special treat! (But they should then use their toothbrush to brush off all that sugar.)

*Want to make the game more competitive? Then use a timer (an egg timer or sand timer work well), setting it for one minute. Have each player roll their die at the same times, as many times as possible, before the timer goes off. The player with the most teeth covered with marshmallows wins!
